## **9. What About Future Club Nights?**

It is hoped to continue Thursday clubnights throughout the winter and further details will be provided including floodlights in September.

A Saturday Club afternoon is under consideration for starting in mid September, subject to volunteer organisers being available.

## **10. What about non-member pay and play?**

We have a large number of new and trial members and would like to increase activities for the expanded membership first.

We are required to be a COVID secure venue to remain open and this requires regular communication to members and it is difficult to brief people turning up ad hoc or for the first time and run the events as planned.

Anyone who knows someone who would like to try out the club could invite them along as their guest at a fee of £5 to be transferred to the Club bank account. There is also the 3 month offer for new members.
